

# Californians for Accountability and Better Schools

## SUPPORT FORM

I / We support the Kindergarten–University Public Education Facilities Bond Act of 2004.

This statewide school bond act is needed to relieve school overcrowding, reduce class size, and repair and upgrade deteriorating schools at California's elementary, middle and high schools, community colleges and universities. It will deliver hundreds of school construction and repair projects *without* raising taxes and it holds school districts accountable for the proper expenditure of funds.

You may add my/our name to your coalition list and may use it publicly.
